

Nathan Buchar

I'm a Node and **front end software engineer** with five years of professional experience currently living and doing what I love in the **San Francisco Bay Area**. I also ballroom dance and have a pet pigeon named Sophia.

EDUCATION

Rochester Intitute of Technology (RIT)

Bachelor of Science

New Media Interactive Development, 2014

EXPERIENCE

HelloSign

SOFTWARE ENGINEER, FRONT END / OCTOBER 2017 – PRESENT

I write high-performance, reusable, modular code along with automated tests that builds upon and improves an eSignature service that has been used by tens of thousands of users. In my role, I am also responsible for maintaining HelloSign's Node.js API SDK and other front end open source projects, as well as interviewing and assessing engineering candidates.

Odopod

DEVELOPER, LEVEL II / JUNE 2014 – OCTOBER 2017

I reported directly to the Director of Technology and worked closely with producers, as well as the UX and visual design teams to create rich and highly-interactive user experiences using strict web standards.

Brooklyn United
